Investments to sell -

- Please note that we will use the cash in your account first.
- We'll then look to fund the remainder of your Withdrawal Plan from the option you specify below:

- ☐ Proportionate sell across all investments
- ☐ Selling from largest mutual fund followed by largest Exchange Traded Instrument, ETI
- ☐ Selling from investments selected on page 3; the percentage split should total 100%

Fund selection

- If there is not enough in the specified investments to make the payment, we will sell from the holdings in the account; firstly, from mutual funds and then from Exchange Traded Instruments, ETIs, if required.
- In some cases where an investment is closed/suspended/unavailable, we may sell other assets within your account to raise the required withdrawal amount on your behalf
- Some fund managers may apply a sell charge in which case we will sell enough of your holdings to give you your required amount plus the charge.
- There will be 2% disinvestment tolerance to ensure sufficient cash is available to make the specified payment amount.
- For ETIs, we will only sell full shares, any cash that is left over from the deal will be placed into the cash holding within your account. In some instances, you may receive less than your requested amount, if the share price drops when your instruction is being processed
- If you wish to sell from ETIs, please ensure you have provided the relevant details to us, for example an LEI or nationality identifiers
- There are specific charges relating to dealing on an ETI; please refer to the Fidelity website or our Client Terms for more information
